

What is a Relocation Consultant?

Home Services Relocation's (HSR's) consultants are professionals who provide support and guidance to employers and their relocating employees. Their primary role is to alleviate stress on the relocating employee and family. Our consultants help your employees navigate the arduous relocation process, including policy interpretation, finding suitable housing, school search, and other essential services. The consultant oversees and coordinates all aspects of a relocation.

HSR's consultants exemplify our culture, support our business philosophy, and demonstrate our core values of service, integrity and genuine care. They have a solid understanding of the relocation process with practiced focus in environments that require empathy, patience and conflict resolution. They know all the ins, outs and potential issues that could arise with a move. Experience means that HSR's consultants prevent problems, not just solve them after the fact.

We are Pilots. Guiding transferees into the best hands to ensure they land safely in their new home, so they will be productive and happy on the job.

We are Advisors. Through consistent communication with clients and transferees, we provide the best advice possible to optimize benefits and resources.

We are Champions. Battling on behalf of all parties involved to resolve any issue that may arise.

We are Watchdogs. Watching over every step of the relocation process to make sure transferees are safe and protected.

We are Teachers. Ensuring our staff and partners are up to speed on all the nuances of assisting relocation clients.

We are Connectors. Selecting the best fit partners from our trusted network for each transferee's unique needs.

We are Allies. Working in tandem with employers and employees to seamlessly deliver the best relocation experience.

We are Caregivers. Showing empathy to transferees so they know it's ok to be nervous about their relocation.

We are Engineers. Building an array of services that align the needs of the transferee with the client's relocation policy.

We are Educated. Participating in continuing education, industry associations and pursuing certification to make sure our knowledge is current and relevant.
